

Laura Flatman is the Human Resources Manager at Leeds Beckett and joined our board in 2015

“I wanted to use my skills and expertise as a HR professional to help The Cellar Trust reach its full potential. It is a great charity and mental health is a cause that I am really passionate about. Being a Trustee you are really at the heart of the organisation and making a difference to people’s lives. Seeing the impact the changes to The Cellar Trust is making to our clients and their families and knowing that we as a board are helping them, is such a rewarding experience.”
